~~Part B~~ for Jan. 00

SUBJECT.

Cultivation of mulberry crops within  
Municipal limits.

Indexed  
Done

Sub to Sect

From the Dy Commr's letter (which is not very clear), it seems that ~~there~~ mulberry is cultivated only in Dyanapondlu, and not ~~at all~~ in Nela-  
mangla; and that the 2 survey nos. of the former mch. where it is so cultivated are agricultural lands.

The Dy Commr is silent as to how cultivation can be introduced. But the last para of S. 40 of the Land Revenue Code clearly gives the Dy Commr the power to prohibit the cultivation "for certain purposes" of unalienated land ~~not~~ liable to land revenue

12/4/97

They are agricultural lands  
L.A. & S. of Nela-mangla  
is being grown

Resolved.

Whether the Paradi  
Kandayam? if

Memo

The subject of prohibiting the garden and mulberry cultivation within municipal limits was discussed as subject no 325 of the Dacca Representative Assembly Proceedings of 1895 and the Dy Comm of Bangalore, to whom the matter was referred, reported that the Municipal Boards of Chelamangala and Tyamaga resolved that ~~the~~ cultivation of mulberry within municipal limits should be prohibited in order to save people from risk from snakes &c.

sl 2

(2) In reply to an enquiry from this office as to whether the lands cultivated with mulberry were building sites or lands appropriated for agricultural purposes and whether (and, if so, how) cultivation could be interdicted

on them, the Dy Com<sup>r</sup>  
stated, that mulberry + sl 4,  
cultivation was carried  
on only in 2 Servey numbers  
in the town of Yamagondha,  
that these two were Pardu  
es situated in a corner of  
the town and that no one  
would take them up for  
building purposes.

3) Thereupon the Sup<sup>r</sup>.  
Revenue Servey was requested sl 5.  
to state what a "Pardu" means  
and whether there  
were any rules or standing  
orders on the subject of  
such lands as regards their  
liability to prescription &c &  
he replied as below: - + sl 6.

A "Pardu" is precisely what is known  
in Mysore as a "Pettlu". He defines  
Pardus lands as patches of open ground  
surrounding houses within the village  
site but in the Malnad, such spaces  
need not necessarily be within the  
village site but may be around  
isolated homesteads.

When such patches are found and  
 found, at the time of Survey settle-  
 ment, to be of considerable extent  
 including half an acre, they are treated  
 as ordinary Survey No. and brought  
 under the operations of an order under  
 Sec 106 of the Land Revenue Code.  
 Hence this cannot be considered to be  
 temporarily assessed or liable to be re-  
 assessed. All Pardi lands not thus  
 brought on to the list of ordinary agri-  
 cultural lands by the settling officer,  
 remain as part of the village sets  
 and it is for the De. Commr. to fix  
 the assessment on them under Sec 50  
 of the Land Revenue Code subject  
 to rules or orders made in this behalf  
 by Govt.

(4) Before passing

final orders on the question  
 of preventing mulberry culture  
 the 21 Com of the several Decs  
 were requested to submit a  
 general statement of Pardi  
 members situated within  
 the municipal limits, showing  
 whether they were occupied  
 or unoccupied and on the

2  
 for no 7217 of 1/7/97 (S(7))

former case what use was  
being made of such  
numbers and how many  
were wholly or partially  
cultivated with mulberry.  
The Dy Commr of Districts  
except Bangalore were  
also requested to state  
whether there was any  
objection to mulberry being  
cultivated on such numbers  
in municipal towns & rural  
parts.

From replies received it  
would appear that no Panch numbers  
exist in the Districts of Heasari  
and Shimoga, while in Talasahar  
of the Kuder District, (Chitaldurg  
Taluk of the same District as also  
in Tumkur and Mysore Districts  
there are Panch numbers, but are  
not cultivated with mulberry.  
The list of Panch numbers,  
which were or are under  
mulberry cultivation are  
1st 2nd 3rd 4th 5th —  
Bangalore District

District 6  
Bangalore District. Taluk Hoskote Survey No. 519, 527  
as well as 508  
formerly cultivated  
with mulberry  
and now lying  
waste.

448, 454, 455, 462  
468 & 11

(5) Hennapalme There are no  
Pondicelos, but 2  
recent sites are being  
cultivated with mulberry

Holar. Cheekhallapur. No 343.

Siddhaghatta No mulberry  
cultivation within  
municipal limits  
but mulberry gardens  
are close to them.

With regard to the  
question as to whether  
there is any objection to the  
mulberry cultivation within  
municipal limits or outside,  
no opinion is offered by  
the Dy Commr of Hoassan,  
Shimoga and Hader, as  
no such cultivation is carried  
on there. Of the remaining

officers consulted, the Dy  
Comr of <sup>Chitaldung</sup> states  
to consider that there is no  
~~that he is not aware of~~  
any objection to the  
mulberry cultivation in  
municipal towns or rural  
ports, while the Dy Comr  
of Mysore and Kolar are  
of opinion that its cultivation  
should be prohibited within  
municipal limits.

The Dy Commr of Tumkur and Kolar add that the process of manufacturing silk from cocoons in the neighborhood of dwelling places is injurious to public health.

Submitted for order.  
to Secy. Aug 20/89  
23/1/90.

The cultivation of mulberry  
within usual limits seems objec-  
-tionable - & Where however,  
such cultivation is carried  
on in agricultural land,  
applied to land revenue,

8

The summary restriction  
of such cultivation does  
not seem feasible - The  
reports received from the  
dy farmers show that such  
instances are not many -  
The acquisition of most lands  
from small funds may be  
authorised if the occupants  
are not willing to Redcon -  
- some mulberry cultivation  
and to ~~allow~~ <sup>allow</sup> the raising of  
some other crop defensible -  
- able crop Redcon - The  
cost must be left to be  
~~more~~ much - The growing  
of mulberry on non-agri-  
- cultural land can be  
prevented, such uses  
being tantamount to an  
appropriation for other  
than authorised purposes -  
Ruled to 3/2/98

Survey Supts Office  
Bangalore 15<sup>th</sup> June 1897

J.

The Secretary to the  
Government of Mysore  
L & Revenue  
Departts

Sir,

In reply to your letter No.  
10484 dated 27<sup>th</sup> May 1897 I  
R 3468  
have the honour to offer the  
following explanations re-  
-garding Rules and practice  
in dealing with what are  
technically known as "Pardi  
Numbers.

2 A "Pardi" is precisely  
what is known in Mysore  
as a "Kittlu". Pardi lands  
may be defined as patches of  
open ground surrounding  
houses

houses within the village site but, in the allahud, such open spaces need not necessarily be within the village site but may be around isolated homesteads.

3 When these open patches are found, at time of Survey, to be of considerable extent, say over half an acre, they are measured into a separate Number (known as Fardi Number as distinct from a regular Survey Number) and are shown temporarily on the village map, awaiting the Orders of the Settling Officer

Officer at the time of in-  
-roducing the Settlement.

4 If the Settling Officer  
sees reason to fix an assess-  
-ment under Section 111 of  
the Land Revenue Code on  
any Pardi Number, that  
Pardi Number becomes a  
Revenue Survey Number  
and is brought into the  
regular sequence of Survey  
Numbers of the village and  
is considered within the  
local operation of an Order  
under Section 106 of the  
Land

Land Revenue Code If any  
 Pardi Number is, at the  
 discretion of the Settling  
 Officer, continued in the  
 village site it is cancelled  
 no assessment is fixed and  
 it is not within the local  
 operation of an Order passe  
 under Section 106. To put  
 it shortly, all Pardi lands  
 not brought on to the list  
 of ordinary agricultural  
 lands remain as part of  
 the village site and are ex-  
 cepted by the Survey Officer  
 from the Survey Settlement,  
 under Section 106, and it is  
 for the Deputy Commissioner  
 to

to fix the assessment under  
Section 50 of the Land &  
Revenue Code, subject to  
Resals or orders made in  
this behalf by Government

5 You enquire whether  
Pardi lands are liable to  
be resumed and you suggest  
that they are only tempor-  
arily assessed. The answer  
is, that Pardi lands within  
the local operation of an  
Order under Section 106 as  
above described enjoy all  
the privileges of the Survey  
Settlement

Settlement just the same as  
other agricultural lands  
and cannot be considered  
to be temporarily assessed  
or liable to be resumed.

Pardi lands not assessed  
by the Survey and not  
within the local opera-  
tion of an Order under  
Section 106 can be dealt  
with under such Rules  
or orders as Government  
may direct

I have the honor to be

Enclosure No.

In reply to Government  
Order No. 7-14 dated 1st.  
L. F. 266-96

Annex calling for a state-  
ment of Paradi numbers  
and a report on certain  
points connected with  
Mulberry cultivation  
within Municipal limits,  
has the honor to state that  
it has been reported by all  
the Amildars that no  
Mulberry cultivation is  
carried on anywhere  
in this District.  
2. The Amildars have also

reported that there no Paradi  
numbers within the Municipal  
limits of the several Taluks and  
other Municipalities, but a  
doubt having arisen as to  
the accuracy of this statement  
as regards the Sakrepatam  
Municipality in the Kadur Taluk,  
a further report has been  
called for from the Amildar  
and on its receipt Government  
will again be addressed.

3. The undersigned begs to  
state that as no mulberry  
cultivation has ever been  
carried on in this District,  
he is not in a position to  
express any opinion as to  
whether the cultivation is  
open to objection or not.

To  
The President of the  
Municipalities in  
Chitaldrug District

The Chief Secretary to the Government  
General & Revenue Dept.,  
Dated 16th August 1897.  
Despatched 17th

Received

Enclosures No. -

General No. 157-  
No. 149-

Proceeding of Govern-  
ment no 7-14 date  
L7266-96  
1st July 1897, requesting  
to submit a statement  
of Parade numbers situat-  
ed within the limits of  
the several Taluk and  
other Municipalities  
showing whether they are  
occupied or unoccupied &  
in the former case how  
many of them are  
cultivated

Cultivated with Mulberry.

— u —

With reference to the above  
has the honor to state that  
there are no Paradi numbers  
in the Municipal limits  
of any town in this district  
except Chitaldrug where  
there are a few numbers  
in which the owners grow  
minor produce such as  
Vegetables &c. Those numbers  
are not surveyed and  
assessed, a certain amount  
of irrigation Cess has  
been imposed on them,  
for use of ditch water.

2 The undersigned is  
not aware of any objection  
to the Cultivation of Mulberry  
either in Municipal towns  
or in rural parts.

*Rev 1079*

Mohar Deputy Commissioner's  
office dated 3<sup>d</sup> September,

20

The Secretary to the Government  
of Mysore.  
Revenue and General Department.

Sir,

Adverting to Government proceedings  
no 7-14 dated the 18<sup>th</sup> July last, I have the  
L.F. 266-96  
to submit herewith a statement of parade nos ~  
within Municipal limits in the District —.

2 As regards Chickballapur muni-  
-cipality, it will be observed from the statement  
that some of the fields belonging to the villages  
of Siddlaghatta Bagale and Ganganamidda  
which are attached to the Municipality are  
not treated as parade nos, but still continue  
to be treated as survey nos and many of them  
are subjected both to land assessment and  
house tax. Except in Survey no 343 where ~  
mulberry stalks are reported to have been ob-  
-served, no mulberry cultivation is carried on  
in any of the nos, but that vegetables have  
been cultivated in some of them. — ? —

3 In the Siddlaghatta Municipality  
there are 12 parade nos of which 7 are lying  
waste and the rest are used for growing ~  
plantain-trees, but no mulberry is cultivated.  
Mulberry gardens are however reported to be  
close to the princpal limits ~ ~

municipal?

4 There are no paradisiacs in any other munici-  
-pality in the District, nor is mulberry cultivated  
in any of them.

5 From a sanitary point of view, I consider  
that the prohibition of mulberry cultivation -  
within Municipal limits is very desirable, as it  
requires heavy manuring and constant irrigation.  
Such cultivation cannot fail to render the neigh-  
-bourhood unhealthy and liable to epidemics.

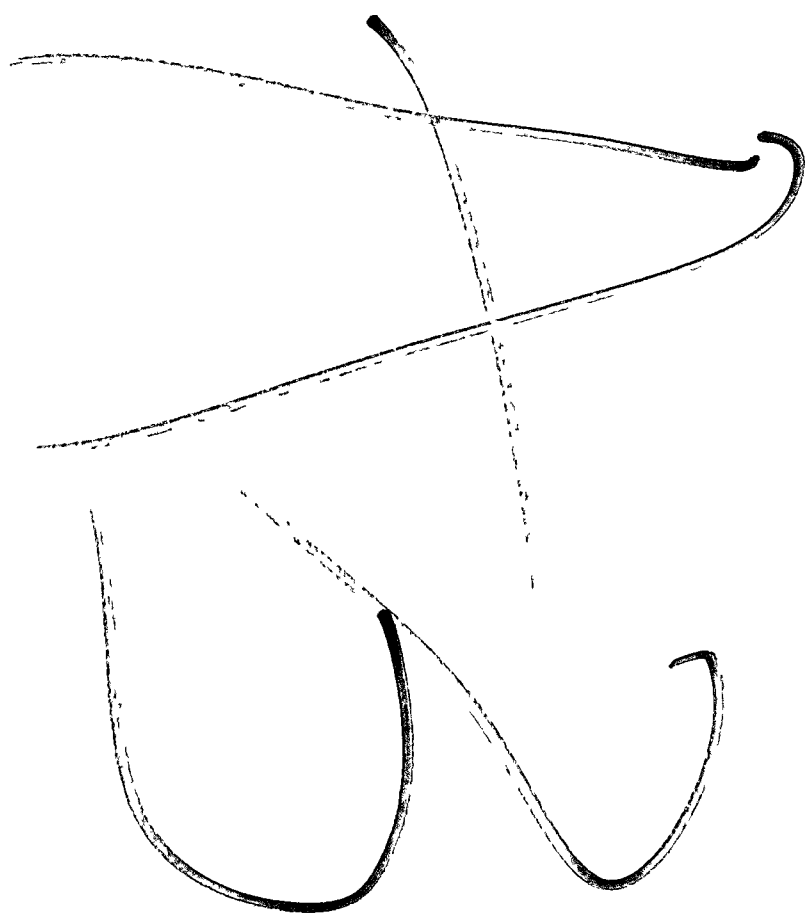

6 Another fruitful source of disease is  
the habit that prevails of feeding cattle on  
the refuse of mulberry leaves and dead silk  
worms removed from the silk worm Tatties - .  
It is found to be very nourishing for stock and  
increases the milk of the milking cattle. But  
it is clearly admitted that the cattle fed on  
this, some times die suddenly and that the  
milk is very un-wholesome. This practice  
should be strictly prohibited at least in  
the case of the milking cattle - - -

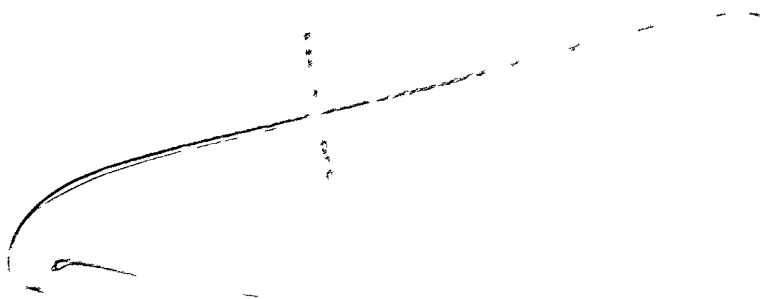

7 But in my experience the cultivation  
of mulberry is not half so un-wholesome as  
the process of boiling the worms and reeling  
silk. The odour emitted in the process is un-  
-bearable, while the heaps of the dead worms  
are allowed to poison the air and create disease.  
A bylaw or other rule should be passed -  
directing that silk reeling should be carried on  
only in selected localities which are quite inconspicuous  
-able from a sanitary point of view: - .

localities?

To the Secretary to the Govt. of Mysore, Revenue and General Departments.

Office of President  
of Municipalities

No. 336  
Enclosure No. One

DEPUTY COMMISSIONER'S OFFICE,  
MYSORE DISTRICT,

Dated Mysore, 13<sup>th</sup> Sept 1897.

To

The Secretary to the Government of Mysore,  
Revenue and General Departments.

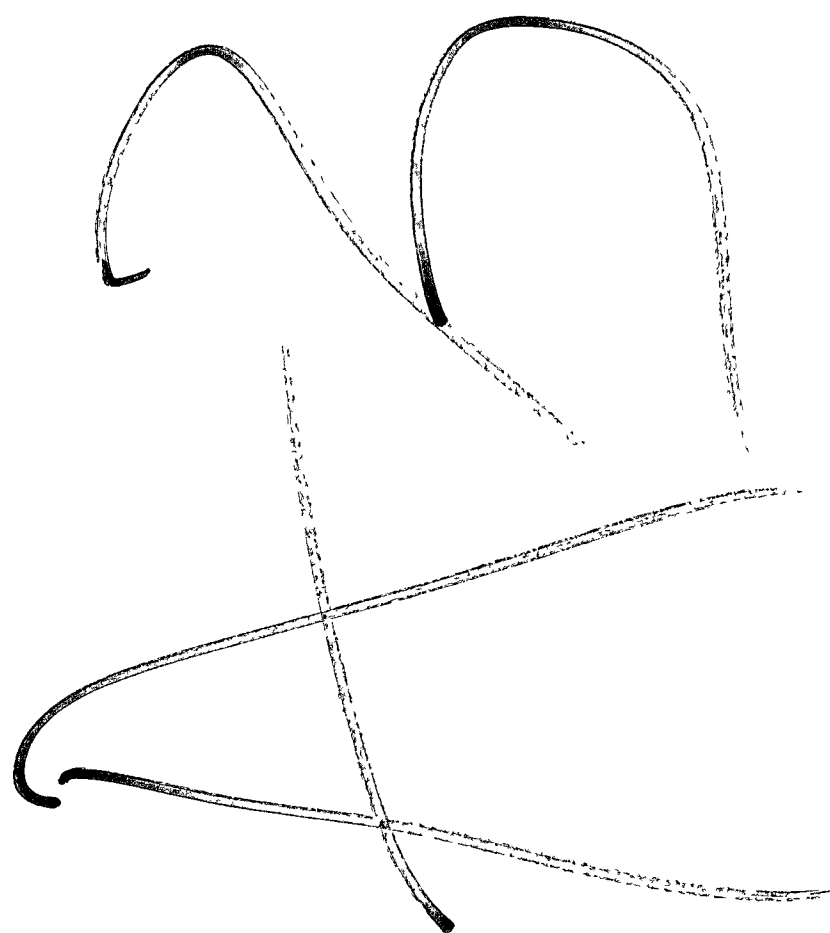

SIR,

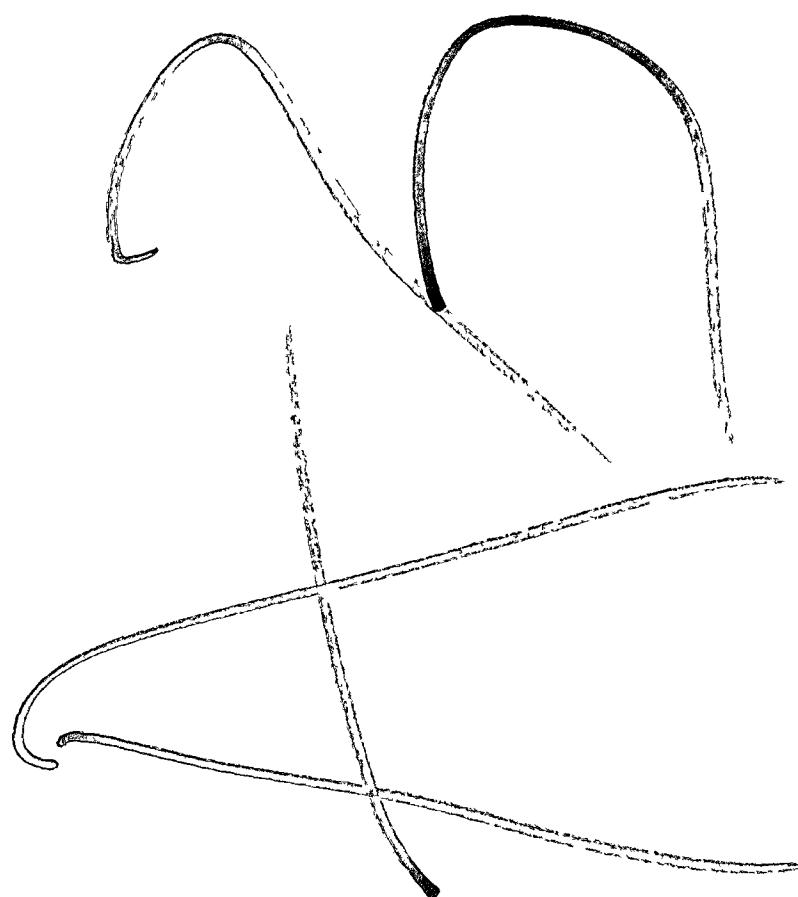

With reference to Government Order No. 7-14 24262-96 dated 1<sup>st</sup> July 1897, I have the honor to submit herewith the Statement of Parasidi numbers situated within the Municipal limits of Heggadeveswarkote, Chauraswagar and Nanyangode. There are no Parasidi numbers within the Municipal limits of other taluqs or in other Municipalities of this District including French Rocks Sub Division. Mulberry cultivation within the Municipal limits is injurious to health but it may be allowed in villages provided the cultivated area is not situated in the midst of houses.

I have the honor to be  
Sir,

Yours Most Obedt<sup>y</sup> Servant,

for President of Municipalities  
Mysore District

Office of the Deputy Commissioner  
Hassan District.

Dated Hassan, 8 November 1897

From

B G Krishna Vengar Esq.  
Deputy Commissioner  
Hassan District.

To

The Secretary to the Government of Mysore  
General and Revenue Departments  
Bangalore.

Sir,

Adverting to Government Proceedings <sup>7027</sup><sub>LF 266-</sub>  
dated 1st July last, I have the honour to state that  
the Amildars report that there are no parad  
numbers in any of the Municipalities &  
Taluk of this District and that mulberry  
tivation is not carried on anywhere in  
District.

I have the honour to be

Sir,

Your most obediently

  
Deputy Commissioner  
Hassan District.  
B  
G

Tumkur District

To

The Secretary to the Government  
of Mysore  
General and Revenue Departments.

Sir,

As called for in Government Order  
No. 7. 14 dated 1<sup>st</sup> July 1897, I have the  
L.F. 266-96  
honor to submit herewith a statement showing  
the details of pardi muckers situated in  
the municipalities of the marginally noted

- |                      |
|----------------------|
| 1. Chikkannikumballi |
| 2. Maddur            |
| 3. Sira              |
| 4. Tiptur            |
| 5. Hunsur            |
| 6. Pavagada          |

Talukhs and the manner  
in which they are at  
present used. There  
does not seem to be any  
particular objection to

the cultivation of mulberry on such lands  
either in municipal towns or in rural  
parts through the establishment of  
factories for the manufacture of silk  
from cocoons in the neighbourhood  
of dwelling houses is injurious to

public health.

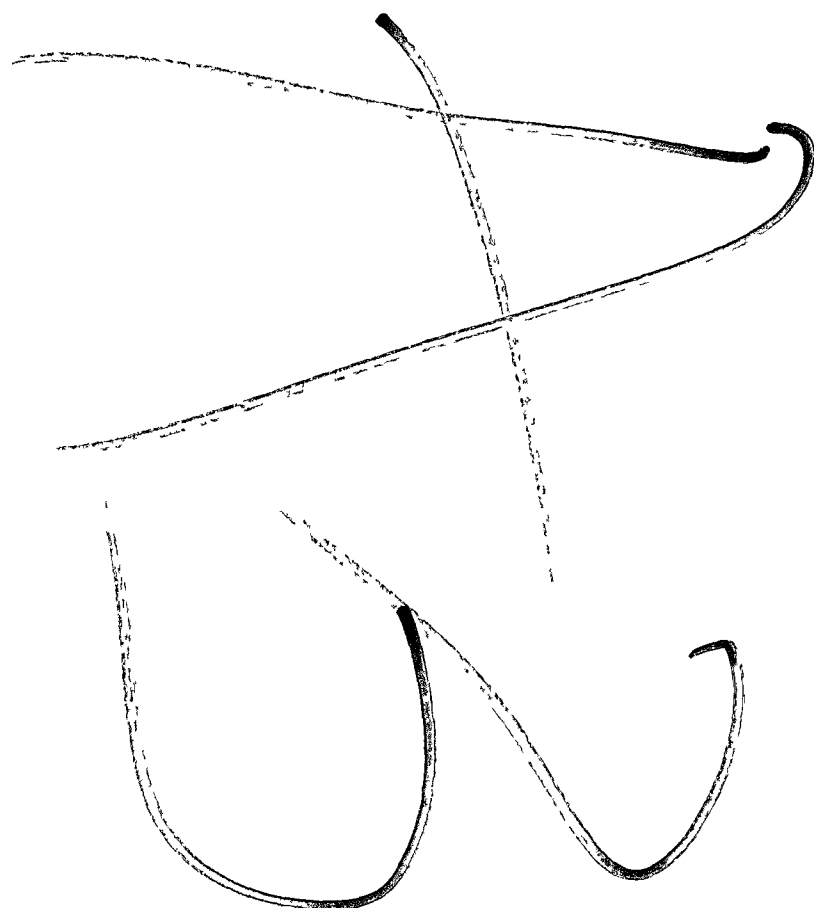

2. A Supplemental statement will be submitted for the Tumkur and Gubbi Taluk from which information has not as yet been received in spite of repeated orders.

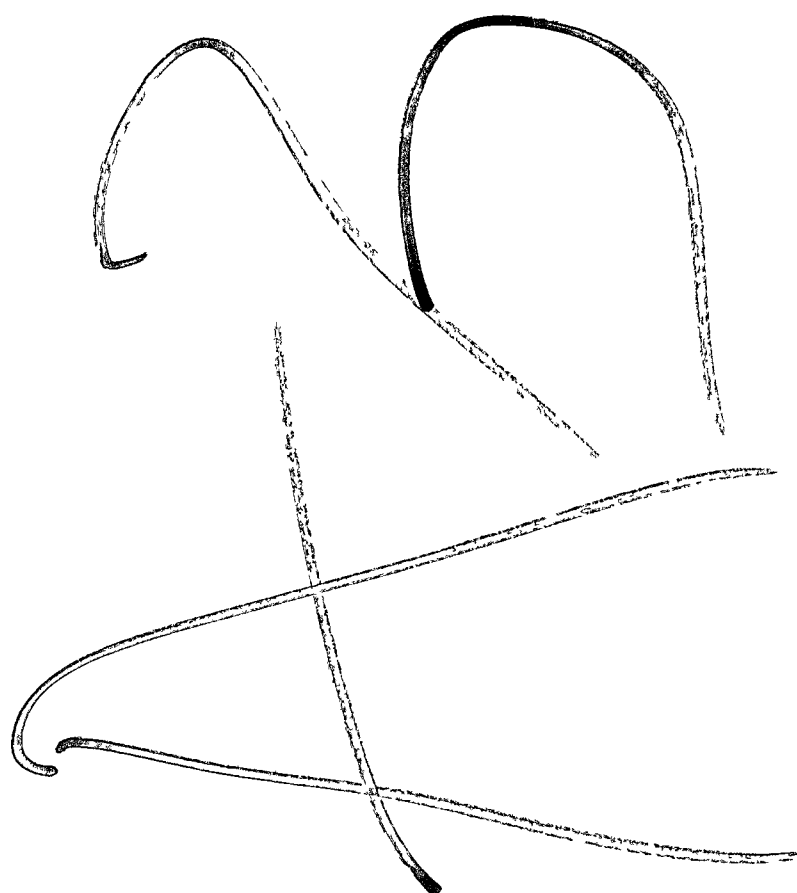

I have the honor to be,

Sir,

Your most obedient servant

V. Narasimha  
Deputy Commissioner  
Tumkur District

6. The cultivation of mulberry within municipal limits is objectionable. ~~There~~ however, such cultivation is carried on in agricultural land <sup>assessed</sup> ~~assessed~~ to land revenue the summary introduction of such cultivation does not

seem feasible. The reports  
received from the Presidents  
show that such instances  
are not many. ~~Cost~~ and  
the cost of their acquisition is not likely to be much. The Comt are therefore  
~~to accordingly~~ authorize the  
Presidents to acquire these  
lands from land funds,  
if the occupants thereof are  
not willing to discontinue  
mulberry cultivation and  
to take to the raising of  
some other and less objectionable  
crop thereon. ~~The cost~~  
~~is not likely to be much.~~

The growing of mulberry  
on non-agricultural land  
can be prevented, such  
use being tantamount  
to an appropriation for  
other than authorized  
purposes.

READ :—

The following communications from the Deputy Commissioners and Presidents of Municipalities in the several districts of the province, regarding mulberry cultivation within Municipal limits.—

1. Letter No. 507, dated 22nd October 1897, from the President of the Municipalities in the Bangalore district
2. Letter No. 831—222, dated 8th September 1897, from the President of the Municipalities in the Kolar district
3. Letter Nos. 493 and 617, dated 18th November and 30th December 1897, from the President of the Municipalities in the Tumkur district.
4. Letter No. 336, dated 13th September 1897, from the Deputy Commissioner, Mysore.
5. Letter No. 480, dated 8th November 1897, do Hassan
6. Letter No. 201—13, dated 11th August 1897, do Shimoga
7. Letter Nos. 126 and 201, dated 6th August and 2nd September 1897, from the Deputy Commissioner, Kadur.
8. Letter Nos. 157—149, dated 16th August 1897, and 648—610, dated 6th January 1898, from the Deputy Commissioner, Chitaldrug.

No. 10727-34—L. F. 266-96, DATED BANGALORE, 3RD MARCH 1898.

ORDER THEREON.—The cultivation of mulberry within Municipal limits is objectionable. Where, however, such cultivation is carried on in agricultural and assessed to land revenue, the summary interdiction of such cultivation does not seem feasible. The reports received from the Presidents show that such instances are not many and the cost of their acquisition is not likely to be much. The Government are therefore pleased to authorize the Presidents to acquire those lands from Municipal Funds, if the occupants thereof are not willing to discontinue mulberry cultivation and to take to the raising of some other and less objectionable crop thereon. The growing of mulberry on non-agricultural land can be prevented, such use being tantamount to an appropriation for other than authorized purposes

The breaking of  
silk from cocoons  
is certainly objectionable  
or same may be  
but I do not know  
that the growing  
of mulberry is so  
fields grown with  
mulberry present  
as clean & a green  
appearance as any  
other garden produce  
they are hardly  
like the other different  
from other vegetable  
gardens - I do  
like to have the  
same way common  
piece in this  
matter as I think  
this order un-  
- reasonably interfere  
with the exercise  
of private rights.  
If however the  
grounds of objection  
are noted I shall  
be glad to consider  
them. I do not  
wish of course to  
interfere with an  
order already passed. 23 4 98

Q. 11

It is observed that the making of silk from cæoon is <sup>fairly</sup> objectionable on sanitary grounds but it is doubtful whether the growing of mulberry is so, as fields grown with this plant present as clear and green appearance as any other garden produce. The Sanitary Commissioner is therefore requested to state favor the Govt with his opinion <sup>as to</sup> on <sup>the</sup> matter and to state the grounds of objection, <sup>any</sup> on sanitary point of view, <sup>if any</sup>, against the cultivation of mulberry within municipal towns as well.
